## THANK YOU MESSAGES

We asked you if there was anyone you would like to say thank you to, whether they work for the NHS, are a keyworker, volunteer, family member, friend and/or neighbour and we had a lovely response, both on facebook and via email.

Thank you **Vicky Oxley** who set up **St Neots goes on a Bear Hunt**. My kids have loved finding the bears, and the Facebook group now has so many great ideas and activities for the kids.

Thank you to everyone staying home and following the guideline, no matter how hard.

**Sarah Beck** was amazing at getting everyone together to celebrate **VE Day**. She put in a lot of hours, and it was brilliant! Thank you!

Thank you to local band **indi** and **The Vegas** for their new song **Miss Ya** and it's awesome video - it's upbeat but also captures the mood right now - love it  
- **Katie Dundas-Todorov**

Bus drivers, of whom one is my Mum! They are often forgotten, but so integral to the community. Use them sensibly and only if you absolutely have to! They are transporting our keyworkers.  
- **Mellissa Bee**

**Richard Bourne** for supporting local businesses before, during and no doubt after the pandemic. The group **St Neots Referrals and Recommendations** is a life line for many businesses, and his campaigns to put so many in the spotlight every day is amazing!

Thank you to all **NHS, Keyworkers and Volunteers** - you are keeping us all safe and keeping us all going.

**Emily Plattern** who set-up **Angel Pie Baking Company**. She has been distributing cakes and sweet treats to people's doorsteps to help cheer them up. I love the fact that you can literally nominate anyone locally and she will deliver, keyworker or not. Thank you it has brought a little light on the darkest days.

## DIY AT HOME

During lockdown DIY seemed to become a lot of people's focus whilst at home. From painting and decorating to complete room and garden transformations, it is clear many of you have been very busy.

If, like many, you have loved the idea of doing some DIY or have finished your current project and are looking for some more inspiration, here are a few things that people have been up to.

**BELINDA HICKS  
FRONT DOOR RENOVATION  
AND  
BAKER EXTRAORDINAIRE**

Belinda wasn't much of a baker before lockdown - but wow look at all these creations! I think her family will be asking for cake long after lockdown.

A new skill. Belinda renovated her front door herself - which she confesses took a while, but the results make it look like she has bought a new door!

Before

**JO ORAM  
UNIT TRANSFORMATION**

Jo transformed her drop-down bed unit. Adding shelving and giving the current masking tape trend a go, Jo has made what was once a piece of storage into a feature focal point, and it looks amazing!

For anyone wanting to try painting using masking tape, Jo recommends painting a base coat first, then once it has dried and the masking tape is in place, to paint over the tape with the same base paint colour to help neaten the lines once you start to add the colour in-fills.

**LINDA RIDDY  
CROCHET QUEEN**

We have never tried crochet ourselves but these look very hard and time consuming to do!

Linda Riddy is the mastermind of these wonderful creations and we'd love to see what she is creating next.

Before

**KIRA O'DRISCOLL  
BATHROOM TRANSFORMATION**

Kira has been really creative in her first home; transforming her bathroom, and whilst she says it isn't complete yet we are very impressed with the result!

We asked Kira how she updated her floor. "They are self adhesive tiles so they stick down and are perfect for DIY." The tiles Kira has used are from Dunelm, but you can get them from many shops including online.

If any of these DIY projects have inspired you to have a go at something similar we would love to see your results, along with a before picture for comparison.

We are off to start our own project...

# VE DAY

Thanks to local Sarah Beck, a local resident who created the Facebook group St Neots Community to Support VEday75 Celebrations, hundreds more people joined in celebrating this important event at home on their driveways, front and back gardens as well as on balconies and indoors.

Here are a few pictures shared by our local community on this fantastic group.

Sarah set up a Just Giving page alongside organising this event so that money could still be raised for The Royal British Legion. At time of writing the total had reached **£1,603**

## COMMUNITY SPIRIT

At times like this it is amazing to see the community unite, and they have created some fantastic activities that everyone can take part in!

Here are just a few!

### ENCHANTED WOODS

Facebook page: @Enchanted Forest Eaton Socon

@The Enchantment of Aunties Wood

**A magical walk amongst some of our local wood areas, has found home to some brilliant home-made fairy magic!**

The creativity is brilliant, and everyone is encouraged to take part, although at a safe distance, and please do not touch or move any items, or, if adding items you are asked not to add any glitter or items the local wildlife could eat and be hurt by.

### ANIMAL HUNT PRIORY PARK

**If you go into the woods today you may find these fantastic animals hiding.**  
Someone has made and hung pictures of different wildlife animals around Priory Park ready to surprise you on your walks.

# ENTERTAINING YOURSELF AND OTHERS

Staying at home this long can be hard so we have put together some ideas to help pass the time.

Whether you are at home alone, with children (big or small), there should hopefully be something here for you.

We would also love to see some of your own ideas.  
#StayingAtHomeWithBeacon #BInspired

## TOILET ROLL FACES

With the hype of toilet rolls recently, why not put them to further use and make some funny faces.

## BUILD A FORT

You could use your sofa, blankets, clothes, table and chairs, bedding, table cloths... who doesn't love being a kid and hiding in their own fort?

## LEGO CHALLENGE

There are challenges for almost everything, and this challenge above has a different challenge every day for 30 days. Just Google Lego Challenge.

## CREATE PLANTS

If you aren't very green fingered but your children love them, why not make your own. This way you don't have to worry about keeping it alive.

## TARGET GOLF

Have an empty box? Why not cut a few holes out for target practice. They can even be used for a car garage, or snail races...

## STRING MAZE

Who hasn't fancied themselves as a James Bond? The difficulty level is up to you.

## SHADOW ANIMALS

It doesn't just have to be animals. Choose what you would like to draw, and where the sun creates its shadow place a piece of paper, and trace it. :)

## CREATE PICTURES

No matter the age you can have fun recreating images from nursery rhymes/songs, videos... You could even use the pictures to create your own 2021 Calendar - now that is being organised!

## PUPPET SHOW

Another one if you have an empty box. Cut out or make your favourite animals, characters, stick them on straws/ice-cream sticks... and let your imagination run wild.

## RECREATE A PART OF YOUR FAVOURITE MOVIE

Have you seen the Lion King opening sequence recreated with toys, and a Rafiki mask? What would you recreate?
